

63B-19-301 Authorizations to sell property.

The Legislature intends that the Division of Facilities Construction and Management and any other state agency with title to property identified as Emery County Tax Parcel No.1-156-6 are authorized to sell a perpetual easement to Rocky Mountain Power that is approximately 60 feet in width on property at Green River that was subject to cleanup of radiation contamination by the United States Department of Energy and was acquired by the state of Utah, the purchase of which was funded 90% by the federal government pursuant to 42 U.S.C. Sec. 7914, subject to the following:

- (1) The easement shall identify the conditions of the sale and require the payment of \$5,000 as consideration, of which 90% is to be refunded to the federal government.
- (2) Rocky Mountain Power shall be required to comply with all applicable environmental laws and requirements in regard to the easement.

Enacted by Chapter 100, 2010 General Session
